

Cielo 15" enterprise

All-In-One 15" EPoS Terminal

Powerful, elegant and robust. Cielo enterprise is the ultimate EPoS terminal.

With its elegant, slim splash-proof display, and sleek robust chassis residing on a neat and modest footprint, cielo enterprise is an obvious candidate for the high-end retailer, in search of elegance and unparalleled processing performance.

Available with an Intel® Core™ i5 processor, cielo enterprise is able to handle complex, demanding data processing requirements.

Features

- Intel® Core™ i5 powered - Cielo enterprise is powered by an Intel® Core™ i5 which is able to deliver exceptional processing speeds whilst remaining highly efficient.
- Optional peripherals - Cielo enterprise can be enhanced with the inclusion of optional peripherals including magnetic stripe and RFID readers to name but a few.
- Easily upgradeable - Cielo enterprise's hardware platform can be easily upgraded by swapping out key components such as the motherboard and HDD.
